

MARGARIDA FRANCO

ATTORNEY-AT-LAW

Associate

ABOUT ME

I am an attorney-at-law registered with the Luxembourg Bar Association under "Liste I", specialized in corporate law and commercial litigation.

I mainly assist and advise a diverse portfolio of national and international clients on corporate transactions (restructurings, M&A, private equity, and corporate governance transactions).

I have provided day-to-day corporate services to regulated and unregulated service providers in Luxembourg.

Those include the drafting of corporate legal documents related to the life of a company (minutes of board meetings and general meetings and ancillary documents) and of various corporate agreements such as loan agreements, share purchase agreements, merger agreements, joint venture agreements, and related corporate documents with precision and strategic insight.

I ensure ongoing monitoring of corporate and financial law matters.

I also assist clients in commercial and civil litigation matters, providing support throughout all stages of contentious proceedings, including case preparation, legal research, drafting submissions, liaising with courts and counterparties, and court pleading.
